

FKM

Property	Value
Tensile Strength	Min 1,500 psi
Elongation @ Break	Min 100
Durometer	85 Shore A (+/-5)
Specific Gravity	1.99 - 2.05
Temperature Range	-30°F to 400°F (-34°C to 204°C)

FKM meets the following certifications:
FDA, Class VI, 3A and ADI Free

The preceding data gives the typical properties of FKM material. These are typical properties and should not be used for specification purposes. This information is based on our experience to date and we believe it to be reliable. It is intended to be used as a guide at your discretion and risk. Rubber Fab cannot guarantee favorable results and assumes no liability in connection with the use of this product.
